

So that was January

Happy New Year and Kung Hei Fat Choi. It was Chinese New Year too.

The lads are back and grafting hard. Our new project is Old Edinburgh and they've been visiting 'Auld Reekie' on research missions in order to collect questions for investigation.

It is one thing reading about Greyfriar's Bobby and writing a report on him but it's another thing giving him a hug.

Miss Fraser's guys visited Summerlee to look at the old toys and historical artefacts. They will be leading our Edinburgh Showcase where we all teach each other everything we've learned.

We are all going next week to visit the castle. We will see if our models look like the real thing!

We welcome Ms Moffat - our new art therapist to the team. She will be working with pupils to help and support them.

Our new Golden time clubs for this month are golf, knitting and "The Handsome Hunks Beauty Parlour," all chosen by the lads.

February will involve Fair Trade lessons and a new science project is on 'Plants and Planting'.

Thanks again to all parents and carers who supplied slippers. We've bought lots so no one is left out. It keeps the school clean and everyone safe.

A reminder that pupils will be off on the 13th, 14th and 15th of February. The teachers will be looking at maths attainment and testing following on from some courses folks were on.

If there's any good news for our Wow Wall, thoughts or suggestions, worries or woes, let us know.

Thanks again.

And Happy Valentines in advance.

Carla x
